

GOLF PARK PUNTIRÓ belongs to the GOLF PARK ENTERTAINMENT group. GOLF PARK ENTERTAINMENT has the exclusive master franchise for the Jack Nicklaus golf teaching system in Spain and Portugal. Thanks to this exclusive, GOLF PARK ENTERTAINMENT is now the BEST GOLF ACADEMY in Spain.

The teaching method has been designed by Jack Nicklaus, an enjoyable, customised system, based on adapting your swing to your own physical characteristics. This technique allows you to get the maximum enjoyment while improving your golfing skills.

At GOLF PARK PUNTIRÓ you can practice the strokes necessary for all golfing situations:

- A 267m long practice course, with greens and bunkers, to practice under real game conditions.
- An area to practice your short game.
- A Coaching Studio, for video and computer analysis of the game, theory classes, rules and protocol.
- A top-class golf course, to practice what you have learnt.

GOLF PARK PUNTIRÓ is just 10 km from Palma, in S'Estanyol de Puntiró.

GOLF PARK PUNTIRÓ is centrally located, just minutes from the historical centre of Palma and from the best beaches on the island.

COURSES AND CLASSES

At GOLF PARK PUNTIRÓ all our teachers have graduated from the Nicklaus Academy, and use the specially designed Jack Nicklaus system to offer the most successful and advanced teaching method in the world.

Our wide variety of programs is ideally suited to adapt to individual needs and schedules. Our pupils learn the techniques perfected by the best golfer of all times, Jack Nicklaus.

Jack Nicklaus

GROUPS

Our group classes cover all kinds of strokes, with a program designed to teach all aspects of the game (short game, long game, strategy, etc.).

Groups are split up into different levels (Basic I, Basic II, Basic III, Master I and Master II), to apply the teaching method best suited to the specific needs of each pupil.

JUNIOR GOLF

Group courses for children, a fun way to develop golfing technique. Pupils are split up into Junior Basic Golf and Junior Master Golf depending on their age and ability.

PRIVATE CLASSES

For players who require more personalised attention in any facet of the game. Half-hour and hour-long classes available. An hour-long class may also be shared by a group.

SWING ANALYSIS

Our sophisticated analysis system records pupils from two angles at the same time, allowing the teacher to immediately compare your swing with the best players in the world, marking references, evaluating images, etc. to find and correct any technical defects.

Pupils are given a recording containing the corrections, exercises and teacher's comments, to take home and relive the class as often as they like.

STRATEGY

2 and a half hour or 5 hour-long classes on our course (9 or 18 holes, respectively), to practice game strategy. This class is valid to obtain a handicap.

SPECIAL CLINICS

Monographic sessions to practice the technical secrets of a single aspect of play: short game, bunker strokes, putting or long game. These classes help to clear up specific golfing problems.

DEFECTS AND IMPROVEMENTS

A full day with a teacher, perfect for all golfers to improve their defects and perfect their game.

Pupils meet at breakfast, pay until lunchtime, which they share with their teacher, and continue class in the afternoon, finishing off with 90 holes of golf.

Treat your clients or employees to a unique, unforgettable experience.
